About this program

You will gain the technical skills and knowledge to pursue a career in accounting, behavioural science, financial planning, finance or economics. In your first year, you will explore the core skills and concepts of commerce including accounting, economics, business statistics, and management. In your second and third years, you will build on this knowledge with your chosen major.

You can choose a single major, which will give you specialist skills in one profession, or expand your expertise with a second commerce major, or additional major including management, marketing politics and public policy and international business.

If you are not sure which majors to choose just yet, that is okay. Once you enrol you can try some different courses before you choose the combination that is right for you.

Hands-on learning

Students at the Gold Coast and Nathan campuses are taught in financial trading rooms featuring state-of-the-art desktops equipped with the Bloomberg Professional Service. Bloomberg LP is a global leader in business and financial information and the Bloomberg Professional Service is a software platform that provides trusted real-time and historical data, and market news and analytics to help business and financial professionals make better informed investment decisions. You will have access to the exciting world of the stock market and be able to put theory into practice from the start of your degree.

My attendance during the program

Attendance information

This program is offered full-time and part-time on the Nathan and Gold Coast campuses. You may choose to study courses at other campuses where the program structure allows.

As a full-time student, you will generally attend 12-16 hours of scheduled classes per week throughout the trimester. As a part-time student, you will generally attend 6-8 hours of scheduled classes per week.

Classes may be scheduled during the day and evening throughout the week.

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

Work-integrated learning

Students will have the opportunity to undertake work integrated learning experiences as part of their program.

Please note that specific criteria apply for entry to these courses and students will need to contact the Course Convenor for further information.

Students who are not eligible to enrol in the Commerce Work-integrated learning (WIL) course may apply to enrol in internships offered by Griffith Business School and other areas of the University. More information is available [here](#).
