### Important Notes

This program is for sponsored students only.

### About this program

The Graduate Certificate in Leadership and Management is a bespoke program designed to suit the professional development needs of middle level managers in industry and government, enhancing existing practice and preparing for more senior leadership roles.

Developed and taught by industry professionals in active leadership roles, this degree is focused on practical organisational challenges. You'll learn about contemporary management and leadership practice and apply this knowledge to current scenarios from your workplace.

You'll develop an understanding of the different types and purposes of teams, and learn how to boost team performance through effective leadership. You'll hone your creative thinking skills and be equipped to convert great ideas into reality through collaboration and positive risk-taking. As a graduate, you'll have the skills and knowledge to translate vision and strategy into action and effectively manage transformation in your organisation.
