## About this program

This program aims to build the capacity of future leaders in water management. Students will develop the strategic, managerial and technical skills they need to advance in the water sector.

The program equips students with practical tools and skills for developing and managing the adoption of innovative solutions to local, regional, national and international water management issues. There is a focus on building skills in critical thinking, problem solving, statistics and data management, knowledge transfer and effective leadership.

Students will acquire specialist skills and knowledge associated with their chosen elective courses.

The program is managed and led by the [International WaterCentre \(IWC\)](#). The IWC is a key player in the global water sector and dedicated to providing education and training to promote whole-of-water cycle approaches to integrated water management around the world.

## My attendance during the program

### Attendance information

This Graduate Diploma program will be offered full-time and part-time online and in person at Nathan Campus.

## What are the fees?

### Fee-paying postgraduate (domestic) students

#### Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

#### Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

### Program fees for the Graduate Diploma of Integrated Water Management (4194)

Fees for this program can be found on the Programs and Courses website in the "Overview and fees" section. Select your commencing year to view your fees.

#### Tuition fees for your degree program

- [Calculating tuition fees](#)

#### Changing programs

If a postgraduate student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.
