Degree requirements: Students who started Trimester 2 - 2024

The following document describes the general conditions of this award:

- [Higher Degree Research policy](#)

The Master of Philosophy is a time-based Higher Degree Research program requiring a minimum of one year and a maximum of two years of full time study or part-time equivalent. To be eligible for the award of Master of Philosophy, a student must complete a research project and submit a thesis of no longer than 50,000 words for assessment by two external examiners of international standing.

Progress review requirements

Completion of progress reporting requirements is a condition of continued candidature for higher degree research programs. The following progress review requirements must be completed for the Master of Philosophy program:

- completion of the Early Candidature Milestone within 3 months (equivalent full-time) of commencement.
- completion of the Confirmation of Candidature Milestone within 6 months (equivalent full-time) of commencement.
- completion of the Thesis and Candidature Review Milestone within 1.5 years (equivalent full-time) of commencement.
- completion of a progress report in years where a Milestone is not completed (part-time candidates only).

Australian Qualifications Framework (AQF) Level and Type

The [Australian Qualifications Framework](#) (AQF) is the national policy for regulated qualifications in Australian education and training. This qualification is accredited as an AQF Level 9 - Masters Degree (Research).

Program learning outcomes

Course list: Students starting Trimester 2 - 2024

Course offering information in program structures is a guide only. Please check the actual offering information in the Course Catalogue.

Academic plans

Each student will be assigned to two academic plans throughout their candidature:

- one plan designating the academic element (i.e. School, Department or Research Centre) in which the research is being conducted, and
- the other plan designating the discipline area (i.e. field of education) to which the research project is classified.

Throughout their candidature, students maintain a current enrolment by enrolling each semester/trimester in the research course which relates to their academic load of full-time or part-time (see below). Students in this program are automatically enrolled in a course each semester/trimester.
