

## Bachelor of Environmental Science (International students)

<b>Program code</b> 1547	<b>Entry requirements</b> 6.5	<b>Prerequisites</b> NIL
<b>Available at</b> Gold Coast Campus, Nathan Campus	IELTS (Academic) ( <a href="#">more</a> )	<b>Assumed knowledge</b> Any General or Applied English subject (Units 3&4, C)
<b>Duration</b> 3 years full-time	<b>CRICOS code</b> 090584C	General Mathematics or Mathematical Methods (Units 3&4, C)
<b>Credit points</b> 240	<b>Commencing in</b> Trimester 1, Trimester 2 and Trimester 3	<a href="#">Apply Now</a>
<b>Indicative fee</b> \$39,000.00* per year ( <a href="#">more</a> ) * 2024 indicative annual fee		

### About this program

You will gain knowledge and skills from across the broad environmental science spectrum, exploring environmental issues from social, physical and biological perspectives. On completion of core science courses in your first year of study, you will choose a major that suits your interests and career plans. The final year includes a "capstone" experience where you have the option to undertake a research project or participate in industry internships to gain employment-relevant experience. Combining a discipline specific major with a major in Environmental Management will equip you with the broad set of knowledge and skills needed to be an environmental science professional.

### My attendance during the program

#### Attendance information

The Bachelor of Environmental Science is offered full-time and part-time on-campus at the Nathan and Gold Coast campuses. As a full-time student you will generally attend 15-25 hours of scheduled classes per week throughout the trimester. Classes may be scheduled during the day and evening throughout the week.

If you are an International student on a student visa, you must ensure that you enrol in a way that will allow you to complete your enrolment within the expected program duration as stated on your Confirmation of Enrolment (CoE).

### My career opportunities

#### My career opportunities

Graduates may find employment in a variety of sectors related to their program, as well as major choices. These include positions with industry, state and local government as well as commercial enterprises in the following areas:

Environmental consulting, Wildlife biology, Conservation science, Environmental science, Environmental management, Environmental chemistry, Soil science, Catchment restoration and management, Urban planning, Landscape ecology, Restoration ecology, Habitat assessment and management, Pest management, Urban ecology, Research science, Bush regeneration and Wildlife management.

### Program accreditation

#### Program accreditation

Students and graduates of this accredited program are able to apply for [Environment Institute of Australia and New Zealand \(EIANZ\)](#) membership. There are different categories of membership available and current students can apply for Student membership, while graduates can apply for Full membership. Membership of the EIANZ enables students and graduates to network with industry professionals and attend a range of event.

### Professional recognition

#### Professional recognition

Depending on your major, you will be eligible to join the following professional bodies:

- Australian Society for Limnology
- Australian Society of Plant Scientists
- Ecological Society of Australia
- Environment Institute of Australia and New Zealand
- River Basin Management Society
- Royal Australian Chemical Institute
- Soil Science Australia

## What are the fees?

### International students

An International student is one who is not:

- an Australian or New Zealand citizen or
- a Pacific Engagement visa holder or
- a person who has Australian permanent resident status.

### Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points (two full-time trimesters).

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

### Tuition fees

- An International student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

### Program fees for the Bachelor of Environmental Science (1547)

Fees for this program can be found on the Programs and Courses website in the "Overview and fees" section. Select your commencing year to view your fees.

### Changing programs

If an International student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.

### Permanent resident status

If an **undergraduate student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will be provided with a domestic fee-paying place.

The student may then apply for a Commonwealth supported place at the next admission period provided that the student satisfies the conditions for transfer from a domestic fee-paying place to a Commonwealth supported place as set out in the [Fees and Charges Procedure](#).

If a **postgraduate student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will automatically be considered for a Commonwealth supported place (subject to availability) or a domestic fee-paying place as applicable for the program.

If a **research student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will automatically be considered for a Commonwealth Government Research Training Program (RTP) Fee Offset or a domestic fee-paying place as applicable for the program.
