

Bachelor of Engineering (Honours)/Bachelor of Business (Domestic students)

Program code

1556

Available at

Gold Coast Campus

Duration

5 years full-time

10 years part-time

Credit points

400

Indicative fee

\$10,000.00* per year ([more](#))

* 2022 indicative annual CSP fee

Entry requirements

72.00

ATAR/RANK 2022

[\(more\)](#)

Commencing in

Trimester 1 and Trimester 2

Prerequisites

Any General or Applied English subject (Units 3&4, C)

Assumed knowledge

Mathematical Methods (Units 3&4, C)

About this program

This combined degree produces professional engineers with a solid foundation in engineering principles and the managerial skills to run complex projects. Students develop knowledge and skills in their preferred Engineering major combined with key business competencies such as organisational behaviour, communication, economics, and quality control. Skills are enhanced through off-campus industry experience to prepare students for entry to the workforce.

Engineering majors

- Civil Engineering
- Electrical and Electronic Engineering
- Mechanical Engineering

Business majors

- Asian Engagement (Nathan, Online) - new from 2021
- Behavioural Science (Gold Coast, Nathan, Online)
- Business Analytics (Gold Coast, Online)
- Economics (Gold Coast, Nathan, Online)
- Employment Relations (Nathan, Online)
- Event Management (Gold Coast, Nathan, Online)
- Finance (Gold Coast, Nathan, Online)
- Government and International Relations (Gold Coast, Nathan, Online)
- Human Resource Management (Gold Coast, Nathan, Online)
- Innovation and Entrepreneurship (Gold Coast, Nathan, Online)
- Logistics and Supply Chain Management (Gold Coast, Nathan, Online)
- Management (Gold Coast, Nathan, Online)
- Marketing (Gold Coast, Nathan, Online)
- Real Estate and Property Development (Gold Coast, Nathan, Online)
- Sport Management (Gold Coast, Nathan, Online)
- Sustainable Business (Nathan, Online)
- Taxation (Nathan, Online)
- Tourism Management (Gold Coast, Nathan, Online)

My attendance during the program

Attendance information

This program is offered full-time on-campus.

Studying amid COVID-19

The University's Mandatory COVID-19 Vaccination or Testing policy is under review and consultation and will be suspended from 14/4/2022, for four weeks. Please visit [Studying amid COVID-19](#) for more information.

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

Work-integrated learning

A co-requisite of this course is the completion of a minimum of 12 weeks (60 days) of approved experience in an engineering practice environment (or a satisfactory alternative). Total work placement (hours): 408.

My career opportunities

My career opportunities

You could find employment in local council and state government departments, small to large multinational consulting firms, civil construction projects, mining oil, research.

Program accreditation

Program accreditation

In Australia, professional accreditation of entry to practice engineering programs is the responsibility of Engineers Australia and is normally carried out on a five-yearly cycle. Griffith University underwent this review in August 2015.

Accreditation ensures academic institutions consistently meet national and international benchmarks and engineering graduates of an accredited program are assured membership with Engineers Australia at the relevant career grade and enjoy reciprocal privileges by equivalent professional bodies overseas.

Countries such as the United States of America, United Kingdom, Hong Kong (SAR), New Zealand, Canada, South Africa and others that are co-signatories to international agreements on joint recognition offer international recognition.

The Washington Accord, the Sydney Accord and the Dublin Accord recognise the substantial equivalence of accreditation systems and accredited programs across international boundaries at the Professional Engineer, Engineering Technologist and Engineering Associate levels respectively. Please refer to the [International Engineering Alliance \(IEA\)](#) website for more details.

Please see the [Engineers Australia](#) website for the most recent list of accredited programs.

Pathways to further study

Pathways to further study

Students completing the Bachelor of Engineering (Honours) degree may be eligible to proceed to Higher Degree Research (HDR) study.

What are the fees?

Commonwealth supported students

- The fee is indicative of an annual full-time load (80 credit points) in a program categorized to one of the Australian Government's broad discipline areas (student contribution bands). A student's actual annual fee may vary in accordance with his or her choice of majors and electives. The Australian Government sets [student contribution amounts](#) on an annual basis.
- [Find out more...](#)

Fee-paying undergraduate (domestic) students

These fees are only applicable to domestic students who are not Commonwealth supported including:

- Full-fee paying domestic students who commenced their program prior to 2009.
- International students who have been approved to pay domestic tuition fees after obtaining Australian or New Zealand

citizenship or permanent residency or a permanent humanitarian visa and who have not obtained a Commonwealth supported place.

Tuition fees

- A fee-paying undergraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee is charged according to the approved program fee for the trimester in which the student is enrolled.
- [Find out more...](#)

FEE-HELP

Eligible undergraduate fee-paying students may defer their tuition fees by taking out a FEE-HELP loan which is part of the Higher Education Loan Program (HELP). Payment of the loan is via the taxation system when income reaches a specified level.
