### About this program

This degree is the first step towards a career in Dentistry. You will learn from extensive hands-on training from the first year of your studies.

You will study and work alongside registered Dentists and Dental specialists in real life settings including in regional areas and in our modern dental clinic and specialised laboratories in the new Griffith Health Centre. You will enhance your skills through professional practice placements.

**Honours** is available through an additional year of study.

Code	Program title	Campus	Intake
1577	<b>Bachelor of Dental Health Science (this program)</b>	Gold Coast	Trimester 1 only
2126	<b>Bachelor of Dental Health Science (Honours)</b>	Gold Coast	Trimester 1 and Trimester 2

Progression is dependent upon satisfying admission requirements.

### My attendance during the program

#### Attendance information

The Bachelor of Dental Health Science is offered full-time on-campus at the Gold Coast campus Griffith Health Centre. Classes may be scheduled during the day and evening throughout the week and on Saturdays.

Due to the need for students to develop complex clinical and technical skills throughout this program, extensive hands-on exposure to clinical/laboratory environments is required. As a result, some courses commencing from Year 1/Trimester 2 of this program will extend beyond the standard teaching trimester (i.e. commencing earlier and extending later than the standard trimester). Exact dates over which these extended courses will run will be published on a trimester-by-trimester basis in the Academic Calendar.

The School of Medicine and Dentistry delivers electronic assessment via ExamSoft's Exemplify application. Students enrolled in this program are required to have access to a portable computer device (laptop or tablet) that can be taken on campus to complete examination and assessment activities. This device must meet the minimum system requirements for [Exemplify](#).

The School has a small number of loan devices that may be available to students who do not have access to a personal device. Students must apply for access to loan devices in the lead up to an examination or assessment. Please note the School cannot guarantee a loan device will be available for every applicant.

#### Managing study interruptions

#### Leave of absence

Students will require approval from the Dean, Dentistry or nominee to take a leave of absence. The period of leave will

normally be one year.

### **Readmission**

A student who has discontinued enrolment in a Dentistry program and who is not on an approved leave of absence is required to seek approval for readmission to the program from the Dean, Dentistry or nominee.

Readmission to a Dentistry program is not guaranteed and will be considered on a case-by-case basis. Please contact the [School of Medicine and Dentistry](#) for further details.

Students who are returning to the program after an approved leave of absence or are being readmitted to the program or are required to repeat a non-clinical DOH-coded course will also be required to successfully complete Clinical Skills Competency requirements before continuing with their program.

Students who do not successfully complete these requirements will not be eligible to continue their program. Successful completion of these requirements will ensure students remain competent in their practical skills and are well prepared to continue with the program. Please refer to the Griffith University [Inability to Complete Required Components of Professional Qualification Policy](#) for further information.

### **Studying amid COVID-19**

The University's Mandatory COVID-19 Vaccination or Testing policy is under review and consultation and will be suspended from 14/4/2022. Please visit [Studying amid COVID-19](#) for more information.

If you are an International student on a student visa, you must ensure that you enrol in a way that will allow you to complete your enrolment within the expected program duration as stated on your Confirmation of Enrolment (CoE).

## **My career opportunities**

### **My career opportunities**

As a graduate of this degree and our Master of Dentistry, you will be qualified to work as a registered Dentist with opportunities in private practice, hospitals, school dental clinics and the armed services. Further study and research can lead to a career in academic teaching or specialty practice.

## **Program accreditation**

### **Program accreditation**

The Bachelor of Dental Health Science (when articulated with the Master of Dentistry) is accredited by the [Australian Dental Council \(ADC\)](#).

## **Professional recognition**

### **Professional recognition**

Completion of this degree and Griffith University's two-year Master of Dentistry enables you to apply for registration with the Australian Health Practitioner Regulation Agency (and equivalent New Zealand authorities) as a Dentist subject to meeting any additional requirements that may be stipulated by the Dental Board of Australia. As these requirements may change from time to time, students should contact the [Australian Health Practitioner Regulation Agency \(AHPRA\)](#) to confirm registration requirements.

Applicants are advised that the Australian Health Practitioner Regulation Agency (AHPRA) requires Dentists to demonstrate English language skills that are suitable for registration. Further information is available on the [AHPRA](#) website.

## **Placement requirements**

### **Professional Practice requirements**

There are placements associated with this program and before undertaking professional experience placements, all students in this program are required to have completed the following by the end of their first trimester of study:

- Vaccinations and Health Tests
- Licenses and Certificates
- Online Training
- Health Placement Requirements

Students should refer to the [checklist of professional practice requirements for their Health discipline](#) on the [Fit for Professional Practice website](#) for full details of the requirements regarding professional placement to ensure that they meet eligibility for placement.

## **Pathways to further study**

### **Pathways to further study**

## Provisional entry into the Griffith Master of Dentistry program

Completion of the Bachelor of Dental Health Science (1577) will see graduates gain seamless entry into the [Master of Dentistry \(5703\)](#).

Bachelor of Dental Health Science students need to be aware that should they be successful in gaining entry into the Master of Dentistry (5703) program, additional requirements must be met prior to commencement. Information about these requirements and other relevant information can be found on the [Fit for Professional Practice](#) website.

Note: Students are not permitted take a leave of absence of more than one year after completing the Bachelor program and commencing the Master of Dentistry program to ensure currency of knowledge and skills.

## What are the fees?

### International students

An International student is one who is not:

- an Australian or New Zealand citizen or
- a person who has Australian permanent resident status.

### Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points (two full-time trimesters).

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

### Tuition fees

- An International student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

### Program fees for the Bachelor of Dental Health Science (1577)

Fees for this program can be found on the Programs and Courses website in the "Overview and fees" section. Select your commencing year to view your fees.

### Changing programs

If an International student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.

### Permanent resident status

If an **undergraduate student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will be provided with a domestic fee-paying place.

The student may then apply for a Commonwealth supported place at the next admission period provided that the student satisfies the conditions for transfer from a domestic fee-paying place to a Commonwealth supported place as set out in the [Undergraduate Programs Admission Policy](#).

If a **postgraduate student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will automatically be considered for a Commonwealth supported place (subject to availability) or a domestic fee-paying place as applicable for the program.

If a **research student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will automatically be considered for a Commonwealth Government Research Training Program (RTP) Fee Offset or a domestic fee-paying place as applicable for the program.

### Further information

- [Fees and Charges Policy](#):
  - [Schedule B - Fees for International Students](#)
  - [Schedule G - Fees for Non-award and Continuing Education Students](#)

- [Schedule I - Administrative and Miscellaneous Charges](#)
- [Cost of studying in Australia](#)

### **Additional fee information**

Throughout your program you may be required to pay for the following items:

First aid certificate; immunisations; uniforms; a portable computer device (laptop or tablet) and expenses associated with placements such as travel and accommodation; dental kits and tools as stipulated for each year. As well, there are Fit for Professional Practice Placement costs such as Blue Card and Police Check. For more information, please visit the [School of Medicine and Dentistry](#) and the [Fit for Professional Practice Placement](#) webpages.
