About this program

The Bachelor of Business Innovation is based around entrepreneurship, innovation and community. You'll study the foundations of business as core subjects and learn what they mean for business through a series of applied industry integrated activities contextually relevant to the region around Logan. The degree is designed to ensure you graduate with a strong network both in your class cohort and with extended ties to the community and industry organisations.

This degree takes into account specific factors influencing the Logan region including rapid population growth, demographic makeup and student and workforce needs. You will be working directly with organisations and businesses in the region to ensure relevant problem-based authentic learning.

My attendance during the program

Attendance information

The Bachelor of Business Innovation is offered full-time and part-time online. You may complete this program entirely off-campus. Some courses will include optional in-person workshops and discussions at Logan campus. Students will access course materials, participate in learning activities, lodge assessment items and access support services via *Learning@Griffith*. To complete this degree, students will require access to high speed internet, modern computing facilities with specified hardware (web camera, microphone, digital recording capability).

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

Work-integrated learning

Students will engage in work-integrated learning activities throughout the degree.

Students will have the opportunity to complete 70 credit points of Work-Integrated Learning courses. As part of these courses, students can undertake a professional role in a business or complete a structured industry project for an industry partner on

business innovation and entrepreneurship.

My career opportunities

My career opportunities

You'll graduate with strong business networks and the authentic business knowledge to apply problem solving skills to a broad range of business environments from planning and strategy, small businesses and starting a new business.

What are the fees?

Commonwealth supported students

- The indicative fee represents the expected average fee for an annual full-time study load (80 credit points). This is based on average study patterns across courses and the Australian Government's broad discipline areas (student contribution bands). A student's actual annual fee may vary in accordance with his or her choice of majors and electives. The Australian Government sets student contribution amounts on an annual basis.

Fee-paying undergraduate (domestic) students

These fees are only applicable to domestic students who are not Commonwealth supported including:

- Full-fee paying domestic students who commenced their program prior to 2009.
- International students who have been approved to pay domestic tuition fees after obtaining Australian or New Zealand citizenship or permanent residency or a permanent humanitarian visa and who have not obtained a Commonwealth supported place.

Tuition fees

- A fee-paying undergraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee is charged according to the approved program fee for the trimester in which the student is enrolled.
