About this program

THE NEW BACHELOR OF BUSINESS. A NEW WAY OF THINKING.

The world is evolving, with a clear shift away from outdated business practices. The new Bachelor of Business is an alternative to more traditional business degrees, combining new skills, new values and new opportunities relevant for the new economy. It's a whole new way of thinking for a whole new generation of business professionals.

The modern business practices of adaptivity, creativity, diversity and sustainable business are ingrained in the new degree, so that you graduate with the skills needed for the rewarding career opportunities that the new economy brings.

MAJORS

A major is a focus of study within your degree, in the field of your choice. The new Bachelor of Business offers you a wider choice, now with more than 20 majors. Wider choice also means more flexibility for you to combine two majors from a suite; for example, you can graduate with a *Bachelor of Business in Accounting and Management* or a *Bachelor of Business in International Business and Economics*. All of the majors can be completed at Nathan, Gold Coast and Online, so you can base your studies wherever it suits you best.

You don't have to select your major until your second year, so you use the same degree code on your application no matter what major you would like to complete.

INDUSTRY CONNECTIONS AND INTERNSHIPS

The degree has been re-designed in consultation with industry professionals and draws on our latest research to bring you a new, forward-looking degree with the latest and smartest business thinking. You'll also benefit from the first-hand experience of academics who come from, teach, research and are actively involved in industry.

You can develop your professional skills during internships, mentoring, workshops and as part of your degree. With Griffith Business School's 150 industry partners, there is an opportunity to develop a wide-reaching network. You'll also access an array of clubs, societies, and overseas experiences to grow your curiosity and friendship base.

A NEW WAY OF THINKING

You'll also be part in an innovative new approach to learning, designed to give you a 360 degree view of business strategy. This ensures that you'll graduate as a more compelling business strategist who understands how the elements of an organisation perform together. You'll also have the opportunity to expand your thinking into another industry, by choosing a subject from the arts, sciences, or health.

My attendance during the program

Attendance information

This degree is offered full-time and part-time at the Nathan and Gold Coast campuses and online. You may choose to study courses on-campus, online or a combination of modes to suit your requirements. You may also choose to study courses at other campuses if or where the program structure allows.

Online students will be able to access course materials, participate in learning activities, lodge assessment items and access support services via Learning@Griffith. There is no requirement for on-campus attendance and access to a reliable computer with an internet connection is essential.

As a full-time student, you will generally attend 12-15 hours of scheduled classes per week throughout the trimester. As a part-time student, you will generally attend 6-8 hours of scheduled classes per week.

Classes may be scheduled during the day and evening throughout the week.

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

Work-integrated learning

You can also gain practical experience by working in internships or on projects based in industry or in the community, and credit towards your degree. With over 150 industry partners, you'll get to experience a wide range of business types and learn from authentic situations. This practical, applied approach to learning equips you with skills needed to stand out when it comes to graduate employment positions.

For example, depending on your major, you could participate in the Griffith Tax Clinic, a student-run taxation advice service offered to the general public. Or Queensland's largest Student Investment Fund, a student managed fund that gives finance students access to \$250,000 of real money to invest in socially responsible ASX-listed companies.

As a business student, you can participate in BusinessPLUS; a program which provides you with access to a wide range of professional development opportunities such as career skills workshops, industry mentoring, work experience and community projects. You'll be provided with a structured plan of activities to complete over the course of your degree, supporting you to explore your career options, develop skills sought by employers, connect with mentors and graduate with an edge in today's competitive job market.

What are the fees?

Commonwealth supported students

- The indicative fee represents the expected average fee for an annual full-time study load (80 credit points). This is based on average study patterns across courses and the Australian Government's broad discipline areas (student contribution bands). A student's actual annual fee may vary in accordance with his or her choice of majors and electives. The Australian Government sets student contribution amounts on an annual basis.
- [Find out more...](#)

Fee-paying undergraduate (domestic) students

These fees are only applicable to domestic students who are not Commonwealth supported including:

- Full-fee paying domestic students who commenced their program prior to 2009.
- International students who have been approved to pay domestic tuition fees after obtaining Australian or New Zealand citizenship or permanent residency or a permanent humanitarian visa and who have not obtained a Commonwealth supported place.

Tuition fees

- A fee-paying undergraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee is charged according to the approved program fee for the trimester in which the student is enrolled.
- [Find out more...](#)

FEE-HELP

Eligible undergraduate fee-paying students may defer their tuition fees by taking out a FEE-HELP loan which is part of the Higher Education Loan Program (HELP). Payment of the loan is via the taxation system when income reaches a specified level.
