About this program

Build healthy communities.

Develop or further your career in public health practice, research and management with a Graduate Certificate in Public Health, recognised nationally and internationally as the credential for a career in public health. With an understanding of how local, national and international health systems are structured and operate, you'll be capable of planning and delivering effective programs to address our most challenging health issues.

You will focus on the socio-ecological model of public health that emphasises and analyses the important interactions between the social, biological, economic and environmental determinants of health. Throughout, there is opportunity for you to apply this analytical skill set to research, plan, implement and evaluate population-based interventions that protect and promote health.

This graduate certificate provides you the opportunity to focus on the area of public health that interests you. The diverse range of core and electives courses in areas such as nutrition, health promotion, environmental health, climate change, program planning and health services management, ensures you can tailor your studies to your own circumstances and aspirations.

Industry and expert connections

As part of your studies, you will learn alongside other public health graduates and professionals in a multi-disciplinary class environment. There are a range of different opportunities you will have to interact with your student peers, even if you're working online, including in seminars and group assignments. You'll also learn collaboratively from some of Australia's leading public health academics.

Graduate outcomes

Public health offers a diverse range of careers, including in private and hospitals, community health organisations, international aid, government departments, non-profit organisations, and more. With this graduate certificate, you'll have the expertise to specialise in public health within your existing field. This graduate certificate also offers pathways for further study in the Master of Public Health and the Master of Global Public Health.

Flexibility

Study anytime, anywhere - This degree is available online through our Digital campus, giving you more room to fit university with your work and social life.

Pursue further study

The courses in this graduate certificate may be credited towards a related graduate diploma or masters degree. Griffith's innovative [Credit Precedent Database](#) allows you to find out what credit decisions have been made in the past, which will give

you an idea of what you can expect.

- [Master of Public Health \(5263\)](#)

- [Master of Global Public Health \(5725\)](#)

What are the fees?

Commonwealth supported students

- The indicative fee represents the expected average fee for an annual full-time study load (80 credit points). This is based on average study patterns across courses and the Australian Government's broad discipline areas (student contribution bands). A student's actual annual fee may vary in accordance with his or her choice of majors and electives. The Australian Government sets student contribution amounts on an annual basis.
- [Find out more...](#)

Fee-paying postgraduate (domestic) students

Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.
- [Find out more...](#)

Additional fee information

This postgraduate program has Commonwealth Supported Places. If you are eligible, the Australian Government will contribute to the cost of this program but you will also be required to make a contribution. Quotas are applied for admission to the Commonwealth Supported Places. Where demand exceeds the number of available places and all places have been filled for the current admission period, applicants who meet minimum program entry requirements may be eligible for a Fee-Paying Postgraduate place if such places are available. Please note that deferrals are not permitted for programs with Commonwealth Supported Places.
