About this program

This program equips professionals who work with policy or in policy roles with the skills needed to respond to the complex challenges and rapidly evolving demands of policy analysis, design and implementation. The research-led and industry engaged program draws on current thinking and real-life examples to significantly build the professional skills of those in the public and private sector. Whether you already work in government at local, state or national level, or you work with government and want to understand what drives and influences decision-making, this degree will equip you with a sophisticated understanding of how 21st Century policy-making and governance works.

Upon successful completion of the graduate certificate you will be eligible for 40 credit points of advanced standing towards the [Master of Public Administration \(5580\)](#).
