40

## About this program

This program is an EXIT POINT ONLY from the [Graduate Diploma of Health Research \(4161\)](#).

Students will complete either 40 credit points of research theory and training, and statistics coursework or, with prior permission from the Program Director, the 40 credit point dissertation component.

Students who select the dissertation option must provide evidence of having successfully completed at least 40 credit points of postgraduate level coursework, comprising a minimum of 20 credit points of research courses, including a research preparation course or equivalent.

## My attendance during the program

### Attendance information

#### Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

## My career opportunities

### My career opportunities

Graduates of this program will be able to plan and conduct research in health related disciplines and therefore will be well-placed for positions in the private, not for profit and public sectors.

## What are the fees?

### Fee-paying postgraduate (domestic) students

### **Indicative annual tuition fee**

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

### **Tuition fees**

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

### **Program fees for the Graduate Certificate in Health Research (3276)**

Fees for this program can be found on the Programs and Courses website in the "Overview and fees" section. Select your commencing year to view your fees.

### **Tuition fees for your degree program**

- [Calculating tuition fees](#)

### **Changing programs**

If a postgraduate student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.
