

## Graduate Certificate in Renewable Energy Engineering (Domestic students)

### Program code

3386

### Available at

Nathan Campus, Online

### Duration

1 year part-time

### Credit points

40

### Indicative fee

\$4,500.00\* per year ([more](#))

\* 2024 indicative annual CSP fee

### Admission requirements

Three-year Engineering degree and GPA 4.0 or higher

([more](#))

### Commencing in

Trimester 1 and Trimester 2

### Next start date

Trimester 1, 2025 ([more](#))

### Applications close

Monday, 10 February 2025

[Apply Now](#)

## About this program

As the energy sector rapidly evolves upskill your engineering credentials to make the most of the renewable energy industry. This degree will expand your potential by providing you with specialised knowledge in the rapidly expanding area of renewable energy engineering, including solar, wind and biomass. On graduation you will be uniquely qualified to capitalise in the rapidly changing energy sector with an understanding of issues in energy policy, impacts of renewable energy systems and the commercialisation of renewable energy systems.

## My attendance during the program

### Attendance information

This program is offered part-time at the Nathan campus and Online in Trimesters 1 and 2.

## What are the fees?

### Commonwealth supported students

- The indicative fee represents the expected average fee for an annual full-time study load (80 credit points). This is based on average study patterns across courses and the Australian Government's broad discipline areas (student contribution bands). A student's actual annual fee may vary in accordance with his or her choice of majors and electives. The Australian Government sets student contribution amounts on an annual basis.
- [Find out more...](#)

### Fee-paying postgraduate (domestic) students

#### Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

#### Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.
- [Find out more...](#)

### **Additional fee information**

This postgraduate program has Commonwealth Supported Places. If you are eligible, the Australian Government will contribute to the cost of this program but you will also be required to make a contribution. Quotas are applied for admission to the Commonwealth Supported Places. Where demand exceeds the number of available places and all places have been filled for the current admission period, applicants who meet minimum program entry requirements may be eligible for a Fee-Paying Postgraduate place if such places are available. Please note that deferrals are not permitted for programs with Commonwealth Supported Places.
