## Important Notes

*This program is available for Metro North Hospital and Health Service employees and nominated staff from other Hospital and Health Services only.*

## About this program

Healthcare environments are under intense pressure to focus on service delivery and accountability and are in critical need of innovative ways of working. This program combines elements of leadership, innovation facilitation, and successful implementation to explore new ways of working.

The program will provide students with new knowledge, skills and confidence to deliver innovative health services informed by research. Students will also have opportunities to translate their learnings into practice, by undertaking real-life service improvement and development projects with supervision and mentorship.

This flexible program focuses on authentic teaching and assessment to provide students with the ability to investigate areas within their own workplace for innovation, translation, and sustainability. The program would be of interest to clinicians, health management professionals, researchers, administrators and personnel working in healthcare services.

## My attendance during the program

### Attendance information

Students enrolled in this program will have on-campus full day workshops and online learning. Full internet-based learning platform support and external services, such as library facilities, are provided.

### Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

## My career opportunities

### My career opportunities

You may find work in Australia and overseas working with health services, and projects to improve health, and health systems.

## What are the fees?

### Fee-paying postgraduate (domestic) students

#### Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

#### Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

### Program fees for the Graduate Certificate in Health Services Innovation (3401)

Fees for this program can be found on the Programs and Courses website in the "Overview and fees" section. Select your commencing year to view your fees.

#### Tuition fees for your degree program

- [Calculating tuition fees](#)

#### Changing programs

If a postgraduate student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.
