About this program

The aim and focus of the program is to prepare students for a career in the aviation industry by developing their knowledge and skills in the practical aspects of commercial aircraft operations coupled with appropriate technical qualifications for industry employment. The core knowledge and skills gained through the program provide a platform for lifelong learning in a rapidly changing industry.

Besides achieving the essential basic pilot qualifications for employment in the industry, the additional 'industry ready' focus is on developing the high-level flight management and personal skills required for transition to an Airline or General Aviation position. This program is delivered in conjunction with third party industry organisations.

Cadetship

There are a number of advertised opportunities for cadetships within the industry. The specifics of individual cadetships are different and should be discussed with the Program Director.

Code	Program title	Campus	Intake
4188	Graduate Diploma of Flight Management (this program)	Off at a contracted flight training provider	Trimester 1 and Trimester 3
3376	Graduate Certificate in Flight Management	Distance Education	Exit point only

My attendance during the program

Attendance information

The Graduate Diploma of Flight Management is offered off-campus at a contracted flight training provider organisation.

This Graduate Diploma practical program includes nine Flight Practicums offered in three teaching trimesters which allows students to progress through the practical program at an accelerated rate to comply with aviation industry training requirements. Attendance is full-time at the approved flight training provider from the commencement date.

Managing Study Interruptions

Leave of Absence

Taking a leave of absence from this program is not permitted. If you require an extended break from studying, we recommend reaching out to Student Connect to explore alternative options.

My career opportunities

My career opportunities

You will be in a position to hold the licences needed to perform the duties of a commercial pilot, as well as a high-level of understanding of the aviation environment. As a graduate, you will be prepared for immediate employment as a commercial pilot.

Professional recognition

Professional recognition

Pilot licences and ratings are issued by the [Civil Aviation Safety Authority \(CASA\)](#)..

What are the fees?

Fee-paying postgraduate (domestic) students

Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

Program fees for the Graduate Diploma of Flight Management (4188)

Fees for this program can be found on the Programs and Courses website in the "Overview and fees" section. Select your commencing year to view your fees.
