About this program

The Griffith Master of International Business enrolls students from all over the world, particularly professionals from Australia, Asia, Africa, Europe and North and South America. Griffith was the first university that offered a postgraduate International Business degree in the Southern Hemisphere. This program will enable students to develop a high competency in international business and equip students with strategic thinking and practical skills in dealing with a dynamic and culturally diverse global economy, which is increasingly digitised. This program emphasises engagement with industry. There are exciting opportunities for students to conduct projects with local and international corporations and to participate in supervised internships and exchange programs in Asia, North America and Europe through worldwide alliances.

My attendance during the program

Attendance information

The Master of International Business is offered full-time and part-time at the Nathan campus. You may choose to study courses at other campuses if or where the program structure allows.

This program can be completed in one year by studying courses in Trimester 1, 2 and 3.

Students may take a reduced study load. You will be classed as a part-time student if you enrol in less than 30 credit points per trimester.

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

Work-integrated learning

Work-integrated Learning experiences are provided through a number of special purpose internship courses as well as through guest lectures, field trips, case study analysis, problem-solving of industry scenarios and policy analysis and development.

To gain hands-on experience in international markets students can take an internship with an international company or government agency, conduct market research in a target export or investment country, join a multinational company offshore on an internship, or prepare an export marketing plan for a product or service, or a development plan for a new product. Overseas internships and exchange opportunities form an integral part of this program.

My career opportunities

My career opportunities

You may find career opportunities in multinational firms, public sector organisations and firms engaged in country risk analysis and international trade and investment.

What are the fees?

Fee-paying postgraduate (domestic) students

Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.
