

## Master of Electronic and Computer Engineering (Domestic students)

<b>Program code</b> 5649	<b>Admission requirements</b> Bachelor degree in Electronic Engineering or higher  (more)	<b>Commencing in</b> Trimester 1 and Trimester 2
<b>Available at</b> Nathan Campus		<b>Next start date</b> Trimester 1, 2023 (more)
<b>Duration</b> 1 to 1.5 years full-time 3 years part-time		<b>Applications close</b> Monday, 13 February 2023 <a href="#">Apply Now</a>
<b>Credit points</b> 120		
<b>Indicative fee</b> \$25,000.00* per year (more) * 2022 indicative annual fee		

### About this program

You will develop advanced knowledge in electronics allowing you to work in the many different disciplines of electronics, focusing on the area of electronic computing and the prolific use of microprocessors and computing hardware in modern devices. The degree program also incorporates study of engineering leadership skills, the opportunity to undertake elective courses in your area of interest and a full trimester research project.

### My attendance during the program

#### Attendance information

The Master of Electronic and Computer Engineering is offered in on-campus mode.

#### Studying amid COVID-19

The University's Mandatory COVID-19 Vaccination or Testing policy is under review and consultation and will be suspended from 14/4/2022. Please visit [Studying amid COVID-19](#) for more information.

### My career opportunities

#### My career opportunities

You could find opportunities in large companies involved in electronic based infrastructure and smaller companies undertaking design and/or manufacture.

### Pathways to further study

#### Pathways to further study

Students who graduate from this program and pass the Dissertation component will have a pathway to higher degree by research study.

### What are the fees?

#### Fee-paying postgraduate (domestic) students

##### Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

##### Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

### **Program fees for the Master of Electronic and Computer Engineering (5649)**

Fees for this program can be found on the Programs and Courses website in the "Overview and fees" section. Select your commencing year to view your fees.

#### **Tuition fees for your degree program**

- [Calculating tuition fees](#)

#### **Changing programs**

If a postgraduate student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.
