

Master of Engineering Project Management (International students)

Program code 5660	Admission requirements Bachelor degree in Engineering or higher Bachelor degree in related discipline and relevant professional experience Combination of alternative admission criteria deemed equivalent to above	CRICOS code 083654G
Available at Gold Coast Campus		Commencing in Trimester 1 and Trimester 2 Apply Now
Duration 1 to 1.5 years full-time		
Credit points 120	(more)	
Indicative fee \$42,500.00* per year (more) * 2024 indicative annual fee		

About this program

This program teaches engineering and project management to the future engineering leaders, equipping them with the skills they need to compete globally. The program provides engineering graduates with the art and science of managing engineering projects. The program is ideal for professional graduate engineers who aspire to develop their managerial skills and advance their capabilities to initiate, plan, resource and execute real-world engineering projects.

Code	Program title	Campus	Intake
5693	Master of Engineering Project Management Advanced	Gold Coast	Trimester 1, Trimester 2 and Trimester 3
5660	Master of Engineering Project Management (this program)	Gold Coast	Trimester 1 and Trimester 2
3311	Graduate Certificate in Engineering Project Management	Gold Coast	Exit point only

Note: Progression through this program suite is dependent upon satisfying admission requirements.

My attendance during the program

Attendance information

The Master of Engineering Project Management is offered full-time, part-time and on-campus at the Gold Coast.

If you are an International student on a student visa, you must ensure that you enrol in a way that will allow you to complete your enrolment within the expected program duration as stated on your Confirmation of Enrolment (CoE).

Managing Study Interruptions

Leave of Absence

Taking a leave of absence from this program is permitted, subject to conditions outlined in the Enrolment Procedure

My career opportunities

My career opportunities

Graduates of this program have a wide range of career opportunities. They can pursue careers in consulting, private or public sector organisations.

Our graduates have gone on to successful careers in a variety of industry sectors including built environment, civil infrastructure, oil and gas, mining, energy, and facility and asset management services. Some of the roles they have gone into are project engineer, project manager, contracting manager and team leaders.

What are the fees?

International students

An International student is one who is not:

- an Australian or New Zealand citizen or
- a Pacific Engagement visa holder or
- a person who has Australian permanent resident status.

Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points (two full-time trimesters).

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

Tuition fees

- An International student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

Program fees for the Master of Engineering Project Management (5660)

Fees for this program can be found on the Programs and Courses website in the "Overview and fees" section. Select your commencing year to view your fees.

Changing programs

If an International student changes to a different program they will be subject to the approved program fee for the trimester in which they are enrolled.

Permanent resident status

If an **undergraduate student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will be provided with a domestic fee-paying place.

The student may then apply for a Commonwealth supported place at the next admission period provided that the student satisfies the conditions for transfer from a domestic fee-paying place to a Commonwealth supported place as set out in the [Fees and Charges Procedure](#).

If a **postgraduate student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will automatically be considered for a Commonwealth supported place (subject to availability) or a domestic fee-paying place as applicable for the program.

If a **research student** obtains permanent resident status in Australia after commencing study in a program, and the student can provide evidence of permanent resident status prior to the census date (of the trimester in which they are enrolled), the student will automatically be considered for a Commonwealth Government Research Training Program (RTP) Fee Offset or a domestic fee-paying place as applicable for the program.
