About this program

If you are from a non-accounting background or do not have a hold a Certified Practising Accountant (CPA) Australia or Chartered Accountants Australia and New Zealand (CAANZ) accredited undergraduate degree with a major in accounting, the Master of Professional Accounting conversion program will give you the training in accounting and related areas needed to meet the academic requirements for Associate membership with Certified Practising Accountant (CPA) Australia and admission to Certified Practising Accountant (CPA) Australia's Certified Practising Accountant (CPA) Program, and the Chartered Accountants (CA) Program of Chartered Accountants Australia and New Zealand.

This program will enable you to develop the technical and conceptual skills needed to become an accountant and will develop your ability to analyse, critique and synthesise various accounting and related principles, methods and techniques.

The program has a foundation component (Graduate Certificate of Commerce) which allows those without a prior degree in Accounting (or equivalent) and those looking for a career change to participate. Those with experience in the field or related fields can also enter the program and progress to the advanced level study.
