

Master of Engineering Project Management Advanced (Domestic students)

Program code 5693	Admission requirements Bachelor degree in Engineering or higher (more)	Commencing in Trimester 1, Trimester 2 and Trimester 3
Available at Gold Coast Campus		Next start date Trimester 3, 2024 (more)
Duration 1.5 to 2 years full-time 4 years part-time		Applications close Monday, 21 October 2024 Apply Now
Credit points 160		
Indicative fee \$10,000.00* per year (more) * 2024 indicative annual CSP fee		

About this program

This program provides students with advanced study in engineering project management. It is designed to extend and deepen the knowledge and skills gained from an undergraduate degree in engineering. It is ideal for professional engineers who aspire to develop their project management skills and advance their capabilities to manage significant engineering projects across a wide range of engineering applications. The program provides a pathway to a research higher degree.

Code	Program title	Campus	Intake
5693	Master of Engineering Project Management Advanced (this program)	Gold Coast	Trimester 1, Trimester 2 and Trimester 3
5660	Master of Engineering Project Management	Gold Coast	Trimester 1 and Trimester 2
3311	Graduate Certificate in Engineering Project Management	Gold Coast	Exit point only

Note: Progression through this program suite is dependent upon satisfying admission requirements.

My attendance during the program

Attendance information

The Master of Engineering Project Management Advanced is offered full-time, part-time and on-campus at the Gold Coast.

Student Income Support

To be classed as a full-time student, you are required to enrol in a minimum number of credit points each standard study period. The minimum credit points for full-time enrolment in this program is 30 credit points.

Trimester 1 and Trimester 2 are deemed standard study periods. As Trimester 3 is a non-standard study period, continuing students moving from one year to the next will not be required to study during this trimester to be eligible for student income support.

Domestic students who commence in Trimester 3 may be eligible for student income support from the onset of study provided they are enrolled full-time in this study period.

Please refer to the [Australian Government website](#) for more details.

My career opportunities

My career opportunities

Project managers have a wide range of career opportunities in the building, construction, infrastructure, manufacturing, and mining industries. They manage projects for a variety of public and private sector clients.

Given the current shortage of project management engineering graduates and experienced project managers coupled with the huge investment in infrastructure projects internationally, this degree will enable recently qualified engineering graduates to improve their specialist technical skills.

What are the fees?

Commonwealth supported students

- The indicative fee represents the expected average fee for an annual full-time study load (80 credit points). This is based on average study patterns across courses and the Australian Government's broad discipline areas (student contribution bands). A student's actual annual fee may vary in accordance with his or her choice of majors and electives. The Australian Government sets student contribution amounts on an annual basis.
- [Find out more...](#)

Fee-paying postgraduate (domestic) students

Indicative annual tuition fee

The indicative annual tuition fee is calculated based on a standard full-time study load which is usually 80 credit points.

The indicative annual tuition fee is based on current conditions and available data and should only be used as a guide. These fees are reviewed annually and are subject to change.

Tuition fees

- A fee-paying postgraduate student pays tuition fees.
- Students are liable for tuition fees for the courses they are enrolled in as at the census date.
- The tuition fee for students who commence their program prior to 2014 is charged according to the approved program fee for the trimester in which the student commenced the program.
- The tuition fee for students who commence their program from 2014 onwards is charged according to the approved program fee for the trimester in which the student is enrolled.

Additional fee information

Commonwealth Supported Places are available for this program from 2024.

This postgraduate program has Commonwealth Supported Places. If you are eligible, the Australian Government will contribute to the cost of this program but you will also be required to make a contribution. Quotas are applied for admission to the Commonwealth Supported Places. Where demand exceeds the number of available places and all places have been filled for the current admission period, applicants who meet minimum program entry requirements may be eligible for a Fee-Paying Postgraduate place if such places are available. Please note that deferrals are not permitted for programs with Commonwealth Supported Places.
