Admission requirements

Applicants will need a completed Bachelor degree (or equivalent) that does not lead to teacher registration (with a minimum GPA of 4.0 on a 7-point scale) with disciplinary strengths in two distinctive teaching areas.

Applicants must also complete non-academic entry requirements to be eligible for this program.

You can explore the key learning areas further on the Queensland Curriculum and Assessment Authority website. Applicants must have completed a quarter of their degree (a minimum of six subjects) in their first nominated teaching area. The second teaching area must include a minimum of another six courses for senior secondary or four courses for junior secondary.

Teaching area requirements for Secondary Education

Please refer to the Teaching Area Guide for more information.

Note: Successful completion of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) is not an entry requirement for this program. However, if you have achieved a 'satisfactory' result for one or more component of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the 'satisfactory' result can be carried across with your program application. You are not eligible to apply for a place in the program if one or more component of LANTITE remains at 'unsatisfactory' after two test attempts for that component. Griffith University does not support reset of LANTITE test attempts.

From 2025 all students will need to complete the LANTITE to be eligible to enrol into 7999EDN. There are four opportunities each year to sit LANTITE and students will need to plan ahead using the PEx calendar (Calendars and Handbooks (griffith.edu.au) to avoid clashes with first year professional experience times.

Griffith University pays for the initial attempt for each component by preservice teachers who are currently enrolled in an initial education program at Griffith University. Preservice teachers should consult the ACER website for information about LANTITE testing, restrictions, and booking information at https://teacheredtest.acer.edu.au/ Preservice teachers can find preparation materials for LANTITE on their program sites and on the ACER website.
